

Learning Disability Partnership Fund — Rules for Making a Bid

Eastern and Coastal Kent Primary Care Trust (PCT) is pleased to confirm that all east Kent Learning Disability District Partnership Groups will receive again £10,000 in 2008/09.

Better Health is one of the priorities identified by Valuing People Now. The PCT would like District Partnership Groups to look for ways to use their Partnership Fund in order to take forward this health agenda.

This funding is to support and develop projects between the PCT and other local groups/organisations.

Bids are invited to develop projects aimed at improving the health and wellbeing of people with learning disabilities in their local communities.

Projects will be expected to be delivered within 12 months of receipt of funding. Future funding can not be guaranteed.

District Partnership Groups should think about whether the bid:

- Encourages joint working
- Promotes fairness in accessing services
- Adds value to existing services or encourages new services
- Improves community health and wellbeing
- Encourages new and original projects that improve health.

Bids should be checked by the District Partnership Group Planning Group to be make sure they meet the above criteria.

All Projects will have to submit a written report at the end of their project.

Any unspent monies must be returned to the PCT.

For an application form to apply for funding please contact Sue Peach,
Learning Disabilities Commissioning Team on
